Parent's Consent for SCA Combat Related Activities

I, _____ (print legal name), of

_____ (print address), being a legal
adult, and being the parent or legal guardian of the minor person _____
_____ (minor's legal name), hereby
affirm that I am aware that said minor wishes to be authorized in and participate in the SCA field-related
activities of: _____

I certify that I have witnessed each activity listed above, understand its implications, and approve of said minor's participation in this activity at SCA events. I certify that I have executed a Minor's SCA Combat-Related Activity Waiver to be filed with the Minister of the Lists along with this authorization form and the marshal's authorization form.

No minor may be authorized to participate in any form of SCA combat-related activity unless the minor's parent or guardian has witnessed the activity, understands the activity and its potential dangers, and signs this form. The marshal who assists the parent or guardian to witness and understand the activity also signs the form as witness. This need not be the same marshal as the marshal who authorizes the minor, but must be a marshal specifically authorized for this function by the Earl Marshal of the Kingdom.

This authorization form, a duly-executed Minor's SCA Combat-Related Activity Waiver, and the actual Authorization for Field-Related Activities must be presented to the Minister of the Lists in order to receive your authorization card. If you already have an authorization card for other activities, you do not need to re-execute the Waiver, and your current card will be updated by the Minister of the Lists to indicate your new activity.
